

**STEWARDSHIP**

St. James warns us about accepting the standards of the world and assuming that what is normative in society needs no countercultural challenge. The temptation to hoard riches and make sharp bargains at the expense of the powerless is pervasive because these things are generally done and look respectable enough. St. James points to God’s judgment on these attitudes and actions of amassing wealth and comfort at the expense of others. How might we be better stewards of the material blessings we have been given? How might we use our wealth with compassion toward others?
